

APPLICATION FOR DISTRICT PROVIDED HOME INTERNET ACCESS

The Wilmington Area School District (WASD) seeks to provide assistance to its students by providing internet access to those who are in dire need. Due to the limited number of hotspots available, the District must perform due diligence in deciding which households receive the limited number of devices.

All applicants are required to affirm all following statements as TRUE.

YES I declare that my household is struggling financially and is unable to afford sufficient internet access for my child's educational needs.

YES To the best of my ability, I have researched and inquired about free or discounted internet access from Internet Service Providers (Cable, DSL, Cellular, Satellite, etc) in my area. Said services are either A) unavailable at my household, or B) beyond my financial capacity.

YES I understand that the use of a hotspot is a privilege and the district has no legal obligation to provide one.

YES I understand that WASD hotspots are compatible only with WASD Chromebooks and iPads. Personally owned devices are prohibited from utilizing the hotspot. Unauthorized use of hotspots may terminate hotspot privileges.

YES I understand that the services I am requesting are reliant on 3rd parties (ex: Verizon, AT&T, T-Mobile, etc) and the District shall be held harmless against any service related issues caused by said 3rd parties.
